看誰能最快蓋出卡牌中的城堡。

Preparing to play 遊戲準備:

The players each receive a set of 9 cones which they place on the table in front of them. The challenge cards are placed in a pile face down in-between the players.

玩家每人有一組城堡杯(9 件)，放置玩家前方，挑戰卡面朝下整理成一疊放置兩名玩家中間。

How to play 遊戲規則:

The youngest player takes the top card from the deck and lays it face up on the table such that both players can see it clearly.

The youngest player says “Go!” and then both players study the different faces of their cones to find those that match the facade of the castle and position them so that the resulting construction is identical to the model.- If his construction matches the castle shown on the card, he wins that card. The second player then draws a new card and the game continues.

由年紀小的玩家翻開挑戰卡的第一張，放置兩名玩家皆可清楚看到的位置，再由年紀小的玩家發號司令說：開始！玩家們需將前方城堡杯按照挑戰卡上圖案完成，最先完成者可獲得該張挑戰卡。

下一回合則由另一名玩家翻卡與發號司令。

Winning 你贏了:

The first player to win five cards wins the game.
最快獲得五張挑戰卡的玩家就是贏家！
